

GOT DIRT?

Detergent-rich water containing metals and oil run off vehicles during car washes!

Use a **commercial car wash** or **wash your car on the lawn** to keep contaminated water from flowing into storm drains and your local waterbodies!

WASH YOUR CAR ON THE LAWN!

-  Detergent-rich water containing metals and oil run off vehicles during car washes!
-  Washing your car on the lawn allows the contaminated water to be filtered by the soil before entering groundwater, storm drains, or waterbodies.
-  Only use biodegradable, phosphate-free cleaners and empty wash buckets into sinks or toilets!
